Thursday 2 January	Normal hours resume

*For on call Doctors details please call 8202 6600

Adelaide Cardiology wishes you and your loved ones a Merry Christmas and a Happy New Year

Exercise Stress Echocardiography (ESE) services now at Modbury Clinic

Exercise stress echocardiography (ESE) involves combining a treadmill exercise test with both pre and post echocardiographic assessment of cardiac function. It has been proven to be extremely accurate in the diagnosis of ischaemic heart disease and is in general supplanting standard exercise stress tests in clinical practice for this purpose.

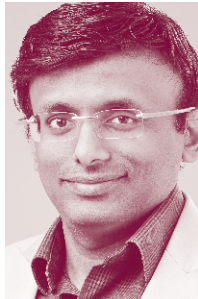

We are pleased to offer this service to our patients and referrers based in the North East of Adelaide with ESE now being performed at our Modbury Rooms. This is in addition to the provision of our ESE service in our main consulting rooms at 321 South Terrace Adelaide and at our Unley Rooms.

Bookings can be made by calling 8202 6600.

Adelaide Cardiology is pleased to welcome Dr Vinod Aiyappan to the Practice.

Dr Vinod Aiyappan

Vinod is a Respiratory and Sleep Physician and a fellow of the Royal Australasian College of Physicians.

After his initial training in India, Vinod undertook further training in the UK (National Health Service) and was awarded Fellowship of the Royal College of Physicians (UK) in 2006.

Vinod has clinical experience in all facets of Sleep Disorders and a special interest in complex sleep disorders, non-invasive ventilation and translational research. He holds public hospital appointment as staff specialist with the Southern Adelaide Local Health Network and is the respiratory medicine lecturer at Flinders University.

In 2013 Vinod commenced working with Genesis Sleep Care and Adelaide Cardiology to provide diagnostic sleep services and patient consultations for patients referred to the St Andrew's Hospital Sleep Service.

Genesis Sleep Care commenced diagnostic sleep services at St Andrew's Hospital in March 2013. Genesis Sleep Care is part of the Genesis Care Network and is a "sister practice" to Adelaide Cardiology and Adelaide Radiotherapy Centre in Adelaide.

Diagnostic Sleep Study Services at St Andrew's Hospital

Genesis Sleep Care commenced diagnostic sleep services at St Andrew's Hospital in March 2013. Genesis Sleep Care is part of the Genesis Care Network and is a "sister practice" to Adelaide Cardiology and Adelaide Radiotherapy Centre in Adelaide.

Respiratory and Sleep Physician Dr Vinod Aiyappan will be working with Genesis Sleep Care to provide diagnostic sleep services and patient consultations for patients referred to the St Andrew's Hospital service.

The St Andrew's 3 bed sleep laboratory is equipped with state-of-the-art patient monitoring facilities for in lab diagnostic or CPAP titration studies. The service is also equipped with 2 home sleep study systems for patients that require an ambulatory ("home") diagnostic sleep study.

We welcome you to utilise these services and please find below the key service information:

The Sleep Service is currently available Tuesday, Wednesday and Thursday nights.

A valid Medicare referral is required for a diagnostic inpatient sleep study.

Please call Adelaide Cardiology on 8202 6600 to make an appointment.
